PROBLEM

- Spent money to buy both jacket and backpack
- Take time when we wear many clothes on winter and we need to wear one more bag
- Uncomfortable when we wear the heavy jacket and carry too much things in the bag

SOLUTION

H=Jacket With Attached BackPack

This new quilted leather jacket with attached backpack has been released by **H by Harris.**

- Fashionable
- Profitable (Time to wear & Budget to buy only one cloth)
- Soft and Comfortable

Improving Design...

2020 Now...

It's the world problem

Because of the new Virus called COVID-19 everyone more be careful about their health and wearing mask to protect infection from the air and surrounded environment

It's our idea

We want to add mask that made from leather into this cloth and it connect between the left and right side of the hat
